

## **CIB #10**

### **Consensus and action Items**

**CIB\_Consensus-0623-01: CIB#10 Agenda**

The CIB #10 Agenda is approved.

**CIB\_Consensus-0623-02: CIB#9 Minutes**

The CIB #9 Minutes are approved, with some cosmetic modifications.

**CIB\_Consensus-0623-03: Proposal Submission Guideline Working Group for IODP<sup>3</sup>**

The CIB and EFB agree to create a working group for writing proposal submission guidelines for IODP<sup>3</sup>. The working group will comprise seven core members: three CIB members (Masa Kinoshita, Donna Blackman, and Nobi Seama), two EFB members (Sasha Turchyn\* and Gabriele Uenzelmann-Neben), Larry Krissek (JRFB Chair), and Ron Hackney (ANZIC). Two current operator representatives and the Science Support Office representatives will assist this working group. (\* = chair of the WG).

**CIB\_Consensus-0623-04: Transition phase between IODP and IODP<sup>3</sup>**

The CIB and EFB will work together for the post-2024 International Ocean Drilling Programme (IODP<sup>3</sup>) until the establishment of the MSP Facility Board.

**CIB\_Consensus-0623-05: Moving Proposals from one FB to another**

The CIB and EFB jointly propose that the FB Chairs, along with the SSO, form a small committee to draft the process to switch proposals from one FB to another under IODP. The goal is to have this opportunity available for the 1 October 2023 submission deadline.

**CIB\_Consensus-0623-06: JRFB Proposal Management**

The CIB and EFB jointly propose that the JRFB Chair contact the proponents of proposals currently at JRFB and inform the proponents of the opportunity to switch their proposal to the EFB, which welcomes their proposals.

**CIB\_Consensus-0623-07: Management of IODP Active Proposals**

The EFB, CIB, and IODP<sup>3</sup> planning group ask the Science Support Office to inform all active IODP proposal proponents about opportunities available in IODP<sup>3</sup> and provide information regarding submission of proposals following the new IODP<sup>3</sup> proposal submission guidelines. Proponents will be informed that if they submit their IODP proposal to IODP<sup>3</sup> their review history will be retained.

## Action Items

### **CIB\_ActionItem-0623-01:**

The Proposal Submission Guideline Working Group for IODP<sup>3</sup> will adapt the current IODP proposal submission guidelines to the MSP concept i.e, three operational options, flexible operation durations, as well as relevance to the 2050 Science Framework.
