

**Open House of the Deep-sea Drilling Vessel “*Chikyu*”
Outline**

Date and time: 10:00~15:00 February 10 and 11, 2008
Venue: Sano the third berth, Shingu Port
Host: Wakayama Prefecture, Shingu City, The Japan Agency for
Marine-Earth Science and Technology (JAMSTEC)
Sponsor: Shingu Port Association

We will ask you to put down your name and address on the form at the reception. (It is only for the safety and management of the ship. After the event, the form will be disposed properly.)

Please note the followings:

- *Children under 12 must to be accompanied by an adult.
- *Person who needs care to move, such as a person who is in a wheelchair, may not able to attend onboard tour for safety reasons.
- *Strong wind expected on the pier, please prepare warm clothing for the cold. We recommend not wearing skirts and sandals or high heel shoes, since there are net-like floors, slippery or other areas not easy to walk on.
- *Onboard tour takes about 1 hour and bathrooms are not available on the ship.
- *Food, beverages and smoking are not allowed.
- *Please don't bring your baggage on board. A plastic bottle, an inflammable material and a sharp instrument are not allowed to carry. Our staff may check your baggage according to the circumstances.
- *Please follow the instructions of our staff; otherwise you may have to leave the ship. You can not enter the area other than the tour course since many hazardous areas are there.
