

The first meeting of JAMSTEC Advisory Board was held on 18th-20th March, 2013

The first meeting of JAMSTEC Advisory Board was held at Yokosuka Headquarters and Yokohama Institute for Earth Sciences of JAMSTEC from 18th to 20th March 2013. It was the first time for JAMSTEC to organize an international advisory board on the whole activities of JAMSTEC.

The board was chaired by Dr. Susan Avery, the president of Woods Hole Oceanographic Institution (WHOI), and consisted of top leaders of major oceanographic institutions and scientists from Australia, France, Germany, Japan, the Republic of Korea, the United Kingdom, and the United States. After being briefed on an overview of JAMSTEC and its major research and technological development activities, and observing facilities and equipments including the Earth Simulator and submersibles, the board members very actively discussed future direction on JAMSTEC's research and technological development, its management, and partnership with universities and overseas institutions.
