We will start operation of JAMSTEC Researchers Database

February 17, 2016

We will start operation of JAMSTEC Researchers Database aiming to publicize business achievements and research results of researchers and technicians of JAMSTEC to be widely known by everyone.

Hoping that research and technology of JAMSTEC will be helpful for you and they will be effectively applied by educational/research institutions and industry, we will continuously work on active information provision

- 1) The contents and information volume may differ by each researcher's edit.
All the research results are not always accessible from this database.
- 2) Unauthorized reproduction of the contents of JAMSTEC Researchers Database is prohibited.

Please use the address below for inquiries on this matter.
